Musical ability is closer than you think. From 2 to 92, age is no barrier to learning the instrument of your choice. Come learn the three legs of the "musical stool" and be encouraged as we reveal the secrets to becoming proficient with virtually any stringed instrument. Whether your interest is banjo, fiddle, guitar, mandolin, upright bass, ukulele, or dobro - we'll help you get on the right track toward honest-to-goodness music makin' !

*The Lindsey Family*
